

EMDR Implementation: After the Basics Seminar

EMDR Implementation will cover a range of topics, including EMDR with special populations such as clients with preverbal trauma, children, lack or trauma memory, dissociation screenings, case formulation, target sequencing and other topics.

- Choosing Targets for Reprocessing
- Float backs
- Preverbal Trauma
- Working with Children
- Dissociation Screenings
- Desensitization

January 10 - June 12 8:30-10:30am (1/10, 2/14, 3/13, 4/10, 5/8 and 6/12/20) with 6 CEUs available for full attendance and completion of seminar. Certificates are available following course completion at www.ceuregistration.com

8:30-9:30 Instruction

9:30-10:30 Case Consultation

Target Audience: Clinicians who have completed EMDR Basic training and are interested gaining confidence and success in utilizing EMDR with clients of all ages.

LEARNING OBJECTIVES:

Participants will be able to:

1. Select memories for reprocessing in sequential manner
2. Differentiate appropriately for dissociation
3. Determine how to work with dissociation when it arises in therapy.
4. Explain how to work with pre-verbal trauma.
5. Demonstrate effective ways of working EMDR with children

Heather Toulmin, LCMHC, was trained in EMDR in 2012 and has been using EMDR with children, teens and adults. Heather is certified in EMDR and Trauma and an EMDRIA approved Consultant.

Cancellation Policy: Should a seminar need to be cancelled, a make-up date will be added. For questions or concerns, phone 802-299-6276.

Cost: \$600 for seminar or \$640 for seminar with CEUs. Registration by phone at 802-299-6276.

Disclosure Statement: There is no conflict of interest or commercial support for this program.
